PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in building scalable web applications using **React, Node.js, Python, and PostgreSQL**. Passionate about automation, performance optimization, and crafting seamless user experiences. Proven record of developing production-level systems for 20,000+ users and winning multiple hackathons.

SKILLS

Programming Languages C++, C, Python, JavaScript

Frontend Technologies React.js, Next.js, CSS3, HTML + HTML5, Tailwind CSS

Backend Technologies Node.js, Express.js, PostgreSQL, SQL, JavaScript (ES6+), RESTful API, Microservices

Databases MySQL, Relational Database, PostgreSQL, MongoDB

Algorithms Data Structures & Algorithms(DSA), Problem Solving, Machine Learning

DevOps Docker, PM2, CI/CD, Git, Postman

EXPERIENCE

Internship

Delhi Skill and Entrepreneurship University (DSEU)

May '25 — Nov '25

Developed and implemented a university-wide ERP system used by over 20,000+ students, streamlining academic and administrative operations

- **Frontend:** Built responsive web application using **Next.js 14, TypeScript, and Tailwind CSS** for student and admin portals with dynamic routing and server-side rendering
- **Backend:** Developed RESTful API using **Node.js, Express.js, and TypeScript** with modular architecture implementing controllers, services, and middleware for authentication and data validation
- **Database:** Designed and managed **PostgreSQL database** with custom migration system, implemented complex queries for student records, exam registration, and result management
- **Automation & DevOps:** Integrated **CI/CD pipelines, PM2** for deployment, and **Postman** for testing and documentation

EDUCATION

B.Tech in Computer Science and Engineering, G.B Pant DSEU Okhla-1 Campus, Delhi Skill and Entrepreneurship University (GPA: 8.20)

Dec '22 — Jul '26
Delhi, India

AWARDS

Runner-Up | Smart Delhi Ideathon 2025 | Winner 3X Hackathons | Finalist 7X Hackathons

Secured position under top 100 teams from 53000 Teams and among 300 Thousands students , Awarded by Delhi Govt.

Youtuber with 16k+ Subscribers on Youtube [[Click here to visit Channel](#)]

PROJECTS

Shield for She

- Developed for Smart Delhi Ideathon 2025 | Awarded Runner-Up by the LG of Delhi . Live crime detection using OpenCV and computer vision threat detection
- Automated **incident detection and alert workflows** , Machine Learning used for crime hotspot prediction and streetlight

GB Pant College Alumni Portal [Link](#)

- Full-stack web application for alumni and student networking built with **React, Node.js, and PostgreSQL**
- Currently used in the college by 1000+ students and alumni

Niramaya

- A multilingual healthcare tracking web app focused on inclusivity for underserved communities
- Designed for people who may not be able to read or write, using audio-visual aids in local languages
- Provides medicine reminders, diet suggestions, and disease-specific care tips

VOLUNTEERING

CREATIVE HEAD | Student Instructor | Vice President of Club, Club of Programmers(CoPS)

Nov '23 — Jan '25

Assisted students to learn C++

Volunteer, School Social Media

'21 — '22

Managed social media accounts and assisted people in obtaining plasma, oxygen support, and other essential help during the COVID-19 pandemic.
